

Tenda a cassonetto, con attacco a spallina, con guide laterali antivento dotate di spazzolini. Il telo in PVC, scorre verticalmente in luce tra le guide ottenendo una chiusura completa, con la possibilità di bloccare il profilo terminale in posizione intermedia. Viteria esposta in acciaio inox. Verniciatura con polveri poliestere eseguita seguendo rigidi standard qualitativi. Possibilità di creare **finestrature, in PVC CRISTAL trasparente o finestrato (incluse nel prezzo)**. Particolarmente indicata per la chiusura laterale e frontale di pergolati, chiusure di verande e finestre. Larghezza max. 4 mt. per una altezza di 2.50 mt. Guida da 9 cm, che consente un ottimo trattenimento del telo. Durante l'avvolgimento del telo potrebbero crearsi alterazioni quali, restringimenti, ondulazioni e grinze da considerarsi caratteristiche fisiche del telo stesso.

*Shutter-box awning, for installation inside two walls and windproof side rails endowed with brushes. The PVC cloth flows vertically in rails obtaining a complete closing, with possibility to block the front bar in intermediary position. Bolts and screws made of stainless steel. Painting by polyester powder in our factory performed following rigid qualitative standards. Possibility to create **windows in transparent PVC CRISTAL or windowed (prices included)**. Particularly suitable for closing at the sides and frontally pergolas, verandas and windows. Max. width mt. 4.00 for height mt. 2.50. Rail of cm. 9, which allows a good retain of the cloth. While wrapping the cloth, some alterations as shrinking, undulations and creases could create, which must be considered as physical features of the same.*
