

Capottine . Hood awnings

Tende con richiamo a fune, particolarmente indicate per esercizi commerciali ed in genere vetrine e finestre. Struttura con telaio in lega estrusa e articolazioni in resina termoplastica, oppure in alluminio. Installabile sia a parete, che a soffitto o in "spallina".

Opening and closing cable awning, ideal for shops and for windows. Frame made of extruded alloy and articulated joints of thermoplastic resin or in aluminium. Installation on wall, on ceiling or for inside mounting.
