

# R94 STONE

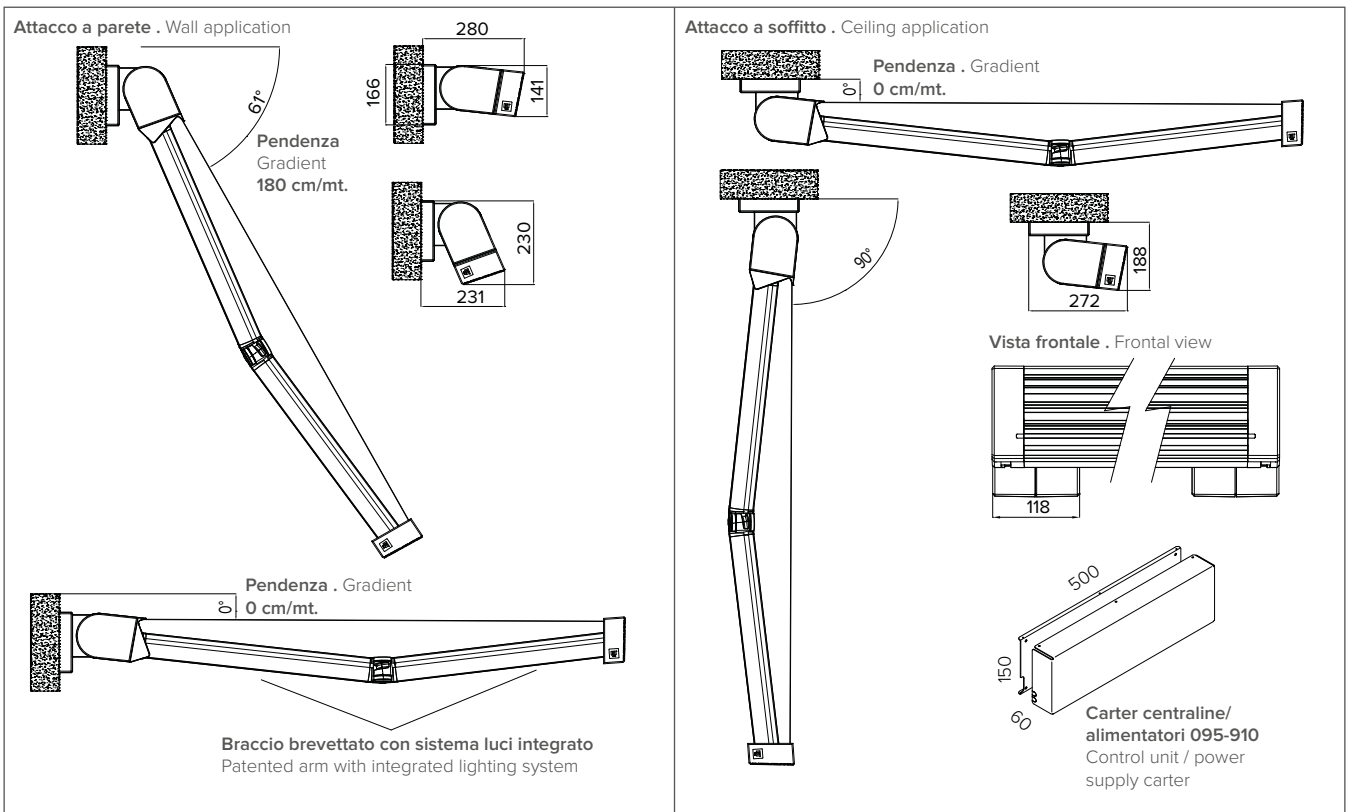

## Cassonata totale . Total cassette awning

Tenda motorizzata con cassonetto a scomparsa totale per una perfetta protezione del telo e della struttura, dalla forma particolarmente compatta in modo tale da limitare l'ingombro in balconi dalle altezze contenute. Possibilità di attacco a soffitto e parete. Carter laterali in alluminio a copertura di tutta la bulloneria. Regolazione micrometrica dell'inclinazione. Luci led integrate nei bracci. Design depositato caratterizzato da effetto "pietra". Tenda indicata per balconi e forniture condominiali.

Total cassette motorized awning for a complete protection of the cloth and structure, with a particularly compact shape in order to limit the encumbrance in balconies with limited heights. Wall or ceiling installation available. Aluminium side carter to cover all of the screws. Micrometrical regulation system for the inclination of the arms. Led lights integrated into the arms. Registered design characterised by a "stone" effect. Ideal awning for balconies and flat complexes.

### Optional
